

FADYA NAILA

A creative and passionate artist with strong research and analytical skills. Experienced in character design, background design, storytelling, and comic creation. Proficient in Clip Studio Paint, Photoshop, and Adobe Illustrator. Recognized for leadership in animation projects and known as a fast learner, adaptable, and capable of multitasking while delivering effective problem solving solutions.

EDUCATION

Juli 2024 – Present : SMK Raden Umar Said

- **September 2025** | Participated in JICAF LOEY, organized by Jakarta Illustration and Kahf. (Nominated as one of the Top 10 Illustrations)
- **October 2024 – September 2025** | Served as OSIS Secretary, responsible for proposals, administration, and official correspondence.
- **January 2025** | Participated in ARTJOG, an annual contemporary art festival in Yogyakarta.

EXPERIENCE

February – March 2025 : Ranggawarsita Project (SuddenStuff Team)

As the team leader, I oversaw the full production process, from workflow planning to meeting deadlines. I also designed the main character, Bima, and handled the coloring stage. During post-production, I compiled animation shots, synchronized SFX and BGM, created background illustrations, and directed voice acting sessions to ensure clear and expressive delivery.

This project was submitted to a regional competition held by Museum Ranggawarsita in Semarang, and our team, SuddenStuff, successfully became one of the finalists.

Juli – October 2025 : Upgrading Comic

I applied various panel-to-panel transitions to make the storytelling flow smoothly and engaging. I also developed an original story and turned it into a complete comic with clear visuals and structured pacing.

October 2024 : Weapon Design

I designed weapon concepts with accurate proportional sizing and supported the process by creating a moodboard to guide visual direction and consistency.

CERTIFICATION
